Stebbing's Car Superstore have the biggest selection of [used vans in Kings Lynn, Norfolk](#) . I have searched for used vans in Fakenham, as I live there, but came across Stebbings on the internet. Stebbings stock cheap used vans that are prepared to a high standard and available to test drive. Some of these vans are nearly new and some are ply lined which is great if you need to carry lots of tools. There are many makes and models of used vans to choose from and Stebbings stock both petrol and diesel engines so you will be sure to find your perfect van at an affordable price.
